2022
Pasadena, CA

PEAK USA Design Center Footwear Design Intern / FULL-TIME

Created story and design for two special collaboration colorways of TAICHI Cloud slide.

Identified and proposed a new footwear product for the TAICHI Cloud 1.0 family. Work includes research to tech pack.

An active participant in brainstorming and modeling to assist ideations for the LA design team in TAICHI Cloud 2.0.

2020
Xiamen, CN

361 Degrees (China) Co, ltd Associate Footwear Designer / FULL-TIME

A member of the running shoe design team. Designed and completed the work from sketch to 1st round samples for the 2021 Q2 season Star trail running shoe in 2 month.

As a member of the training shoe design team, I performed research and provided designs, sketches, tech packs, and sample corrections on 2-4 pairs of training shoes per season.

2019
Portland, OR

Pensole Footwear Design Academy 2D Footwear Designer / STUDENT

Collaborated with a local architect firm to develop a collection for working homeless to support their living in Design Intensive Program. During the 10 weeks process, I interviewed, defined problems, sketched, and worked with a pattern maker to build a low-cost working boot for the working homeless. The final team work was prototyped out & presented to the public.

2018-2019
